Launching KiNTO Join

Getting the most out of your Launch
Event

Ideas for an on-site event flow

- Welcome and introduction by company leadership.
- Presentation on how the app works and its benefits.
- Live demo of account setup, journey tracking, and sustainability reports.
- Q&A session.
- Announce incentives (if any) and participation benefits.

After the launch

Post-Event Follow-up

- Send event recap email with installation and usage instructions.
 - Share an FAQ document based on event questions.
 - Offer support via KINTO Join helpdesk or internal sustainability team
-

Ideas for an online event flow

A four-hour digital launch event led by your dedicated KINTO Join account manager would include:

- A presentation + live demo + Q&A (30 min demo + 15 min QA)
- An “Open Door” Session (30 minutes)
During this time, we would remain available for informal conversations. We can display slides on screen, and anyone who has questions can join and speak with us directly.
- A closing session (30 minutes)

Note

Each presentation would last 30 minutes, followed by 15 minutes of Q&A. We would include a 30-minute open networking break, and conclude with a 30-minute closing session.

In the four hours, different employee groups could get an introduction to KINTO Join, based on their availability.

THANK YOU.
